

## Are You Positioning for Growth in 2017?

Success in growing a business requires knowledge, experience, and connections. Those businesses that are surrounded with Business, Industry and Government Leaders to provide genuine opportunities for growth, innovation or exit are most likely to succeed and achieve their goals.

Queensland Leaders is the catalyst for change in your business and will provide you with exclusive access to the support, guidance and mentoring to aid in achieving your growth aspirations.

Each year Queensland Leaders offers just 25 places for private growth companies to become Members in its sought-after program. Each selected Member undertakes a 12 month Executive Series where they receive the knowledge, skills, and access to capital they require to maximise their opportunity.

Outcomes for these companies include:

- Support and guidance in building a successful, sustainable and profitable business;
- Access to funding and investment opportunities to grow;
- Mentoring from leading professionals and high profile executives;
- Access and ability to work with over 250 of the State's business leaders;
- Ongoing Industry, Government, and public support as well as recognition as a market leader.

On completion of the Executive Series, Members graduate to be an Alumni Member where they receive a further two years of complimentary ongoing professional development and networking opportunities.

Businesses that apply would be considered based on their existing business systems, financials and their drive for growth.

Nominations are now being accepted for the Series commencing February 2017. If you would like to consider this opportunity, please submit your nomination form here [www.qldleaders.com.au/contact-and-nominate/](http://www.qldleaders.com.au/contact-and-nominate/) or feel free to contact Queensland Leaders directly on 07 3392 1661 with any questions.
